

Manini Marketing Presents the First Annual
Go to Grow Conference

Marketing Secrets from Hawaii's Best and Brightest
June 3-4 at the Sheraton Waikiki

Truth or Illusion? Practice Makes Perfect

Illusion: Practicing the right way makes perfect. Practicing the wrong way will not make you perfect. In fact, it will probably make it much more difficult for you to learn to do it the right way because you first have to unlearn the wrong way as well as learn the right way. Here are some examples:

- You take an average of a full day to complete some task, for example, earning \$200. You work hard at perfecting it, but no matter how hard you work at it, the bottom line remains the same. Then someone comes along and shows you how to complete the same work in one-fourth the time, effectively quadrupling your income.
- You exercise your heart out, one hour per day. Not seeing results you double it to two hours per day. Although you've doubled the effort, you still see almost no results. Then someone comes along and shows you a nutritional supplement program you can take that combined with one hour of exercise, starts producing immediate results, multiplying the positive effects almost infinitely.

New media marketing taught by coaches Deborah Cole Micek and John Paul Micek of the RPM Success Group; certified networking described by Joann Seery and Mark Seery of BNI and the Certified Networking Institute; partnering described by Rodney Leong, and Donna Fouts, Executive Director of United Cerebral Palsy Hawaii are a constellation of techniques that can produce just these kinds of dramatic improvements in results in your business, if you just knew how to take advantage of them.

There will be dozens of other great ideas there to take your passion, get into action, and skyrocket your business to the next level of success with 35 speakers and 45 breakout sessions, vendor tables, master mind consultations, VIP lunches with the speakers, \$10,000 in prizes, networking opportunities galore, entertainment and much more in partnership with the Chamber of Commerce of Hawaii, Hawaii Pacific University, Empowered Internet Solutions, Find Children's Programs Hawaii, Book Your Business Ghostwriting by Jim LeVine, Ph.D., Helms Briscoe, Paisley Peony Design Company, Professional Image, SCORE, Cardservice Hawaii, Hawaii Video Productions and others.
